RE: Dubas Subdivision/Lot Line Adjustment

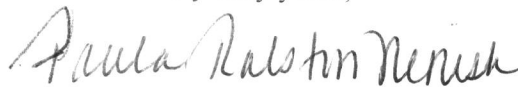

Dear Borough Council:

At its regular meeting on August 25, 2021, the Jessup Planning Commission had an opportunity to complete its review of the Dubas Subdivision/Lot Line Adjustment plans.

At the completion of the Planning Commission's review, the Commission voted to recommend approval of the Dubas plans so long as the applicant submits a revised plan showing the proper zoning data for that zoning district.

Thank you.

Very truly yours,

Paula Ralston Nenish
