

**Storm Water Committee
Meeting Minutes
Wednesday, February 09, 2022**

Attendees:

Ralph DeFrain (Peters Consultants)

Angela Muchal

Roberta Galati

Jerry Crinella

Jeff Smith

Public:

Rella Scassellati

Andrew Thomaskevich

Pledge

Motion to accept December 2021 Minutes - Angela M/Roberta G. All in favor.

Minutes

- Reviewed all active project with Ralph DeFrain
 1. Winthrop – The last plans form KBA needed to be modified to run to the intersection of Winthrop and Filbert streets. The plans needed to be modified and approved so that the estimates can be generated and grant applications submitted.
 2. Bridge Street – The last KBA action was to update the plan as requested by DEP (for the HOP application) to empty into the river in an alternate location. We are still awaiting DEP acceptance of the plan, upon which, it can go out for bidding. There is an existing grant awarded to this project.
 3. Blakely/Lane streets (PEMA/FEMA project) and Church street (at Powell intersection) – Estimates for these projects are needed soon to apply for an LSA grant (March deadline). Ralph was also asked to insure that the drainpipe on the Hill Street side of Front Street was large enough to accept the added capacity from the Church Street project.
 4. Retention/Detention ponds – Ralph was asked to get copies of the reports don by KBA during 2021. We were told that all pond inspections were complete and 75% of the reports were competed, with the remaining to be done. We received no reports to date.
 5. MS4/PRP Plan- The plan KBA delivered to the borough in December 2021 was not accepted because it was too generic – lacked substance. Ralph informed the committee that the borough received a letter in August 2019 from DEP citing MS4 compliance issues. Ralph will send a copy of the report to Jerry and it will then be distrusted to the committee. Peters Consultants is working on an updated MS4/PRP plan to address the borough requirements and DEP citing. Paul Gerella from DEP is aware that this activity is in progress.

New Business

- None

Public Comment

None

Motion to adjourn

Made by Angela Muchal - Seconded by Roberta Galati – All in favor

Next Meeting

March 9, 2022 6:00 PM at Jessup Borough Building
